让 客 户 更 幸 福

Give clients happiness

公司简介

青岛鑫光正钢结构股份有限公司（简称“鑫光正”）位于山东省平度经济开发区，是一家集研发、设计、生产、安装施工和服务为一体的高科技、多元化、外向型的大型民营企业，是国内钢结构建筑领域中少数拥有钢结构及相应配套设施生产施工完整资质的企业之一；经过20余年的发展，现已成为青岛首家钢结构上市公司（股票代码：834422），并获得山东省著名商标荣誉，被列入山东省建筑产业现代化生产基地。

鑫光正可承接各种类型钢结构及土建工程，包含厂房、仓库、展厅、飞机库、超市、办公楼、公寓楼、集装箱房、板房、通讯亭、车库、桥梁、温室大棚、鸡舍等，并提供全套交钥匙服务。

公司秉承“以社会为己任、以企业为平台、以团队为核心、完善自我、共创财富”的企业宗旨、“造福社会、成就员工、让客户更幸福、让企业更持久”的企业使命，以健全的现代化管理制度，全力推动公司及社会的全面快速发展。

COMPANY PROFILE

Qingdao Xinguangzheng Steel Structure Co., Ltd is located at Economic Development Zone in Pingdu, Qingdao, Shandong Province. It is a large integrated high-tech, multiplied and outgoing private enterprise, which contains all steps of creating, designing, producing, installing and servicing. It is one of the few enterprises which has the complete qualification of supplying the all-in-one service by steel structure construction and related products&progress in field of steel structure in China. Having developed for over 20 years, it has now become the first Listed Company in field of Steel Structure in Qingdao(Stock Code: 834422), and has achieved the honor of famous mark of Shandong Province, at the same time it has been listed into The Modern Production Base of Construction Industry in Shandong Province.

We are capable in taking over all types of steel structure projects&building projects, including workshop, storehouse, exhibition hall, hangar, shop, office, apartment block, sample room, container house, telephone booth, garage, bridge, greenhouse and hennery, and we offer all-in-one service by key handing over and taking over.

We have the company tenets of “Perfecting ourselves and creating wealth by taking social development as its responsibility; the enterprise, a platform; and its team, the core of development”; We also have the company missions of “Benefiting society, making staff successful, and giving clients happiness, thus being an enterprise of lasting vitality”. With our wholesome modern managing principles, our company will develop comprehensively and so fast as it can, which will be the same with our society.

企业文化 CORPORATE CULTURE

企业愿景：成为全球现代化管理的标杆企业，成为世界第一的钢结构公司

Enterprise Prospect: To be a benchmark for the modern enterprise management in the world; to be the top steel structure enterprise in the world

企业使命：造福社会、成就员工、让客户更幸福、让企业更持久

Enterprise Mission: benefit society, make staff successful, and give clients happiness, thus being an enterprise of lasting vitality.

价值标准：有利于社会利益、客户利益、企业利益、员工利益、合作伙伴利益

Standard of Value: To benefit the society, clients, enterprise, staff and partners

管理目标：建设"军事化、学校化、家庭化、事业化、职业化"企业

Goal of Management: To establish a family-like professional and pioneering enterprise working in the discipline of military troops and in the order of school

企业宗旨：以社会为己任、以企业为平台、以团队为核心、完善自我、共创财富

Enterprise Principle: To perfect itself and create wealth by taking social development as its responsibility; the enterprise, a platform; and its team, the core of development

企业精神：激情、务实、感恩、跨越

Enterprise Spirit: Passion; practicality; gratitude; and transcendence

经营理念：以客户满意为中心

Enterprise Philosophy: Customers First

工作作风：认真、快、坚守承诺

Working Ethic: To be careful, fast and loyal to promises

行动准则：保证完成任务、绝不找借口

Behavioral Principle: To accomplish work on time and in full without any excuse

实践观：想壮志凌云，做脚踏实地

Value on Practice: Be down-to-earth to achieve high.

WE HAVE EXPORTED OUR PRODUCTS TO
OVER 80 COUNTRIES AROUND THE GLOBE.

国际项目
INTERNATIONAL PROJECT

阿根廷厂房项目

面积：5930 平方米

主厂房面积：80 米长 60 米宽、檐高 9 米、脊高 10 米、单跨 60 米、附跨厂房面积 1130 平方米

工程地点：阿根廷 布宜诺斯艾利斯 卡纽埃拉斯

阿根廷厂房项目是我们公司第一个出国指导安装的项目

LIGHT STEEL STRUCTURE WORKSHOP IN ARGENTINA

Size:5930 m²

Main workshop area：80m long*60m wide*9m Eaves height(ridge height 10m)

Affiliated workshop area: 1130 square meter.

Wall& roof material: V-960 light steel sandwich panel

Thermal Insulation: 50mm EPS foam, 12kg/m³

Windload: 0.79kn/ m²

Crane: 8 cranes (lifting capacity:2 ton)

Windows and doors:electrical rolling window & doors,aluminium alloy

Place of contruction:Canuelas,Buenos Aires,Argentina

埃塞俄比亚厂房项目
WORKSHOP IN ETHIOPIA

埃塞俄比亚厂房别墅园区，包含厂房车间、办公楼、员工宿舍及别墅等，建筑面积10万平米。
Ethiopia industrial park project--total 100,000 square meters. Including workshop,office building,dormitory and villas etc.

埃塞俄比亚厂房项目
WORKSHOP IN ETHIOPIA

南非厂房项目
SOUTH AFRICA WORKSHOP PROJECT

重型钢结构厂房
面积：7000平方米
行车吨位：30吨
使用材料：采用格构式柱子+轻钢屋面，屋面、墙面全部使用白色单瓦，有效减少热量的吸收。本厂房用于加工大型圆管，直径超过2米，长度21米，因产量和规模扩大，客户再次建设2个相同的车间。

Heavy-duty Steel Structure Workshop
Area:7000㎡
Crane Tonnage:30 tons
Size:27.5m(Span)×252m(Length)×11.0(Height)101
Material Requiremengts:Used Lattice Column+light steel roof. wall and roof are made of white single tiles to reduce the heat effectively.This workshop is used for manufacturing large circular tubes with a diameter of over 2m and a length of 21m.The customer has reconstructed another two workshops in same type due to the rapidincrease of production capability and scale.

泰国厂房项目
WORKSHOP IN THAILAND

规模（面积）：8800平方米
The Size: 160m*55m*9m (8800sqm)

泰国仓库项目
WAREHOUSE IN THAILAND

规模（面积）：15372平方米
The Size: 15372sqm

澳大利亚仓库项目
WAREHOUSE IN AUSTRALIA

澳大利亚飞机库
HANGAR IN AUSTRALIA

澳大利亚钢结构飞机库造型美观，设备齐全，保温隔热。

Length:39 meters
Width:32 meters
Eave Height:7.5 meters
Roof Pitch:20 percent
Number of Bays:5
Bay Size:5 m& 7 m
Steel structure aircraft hangar is provided with attractive appearance,full equipment and thermal insulation. We comply with regional building codes, wind load (hurricane), snow load and seismic (earthquake) requirements.

尼日尔飞机库
HANGAR IN NIGER

总面积2452平方米、跨度40米、檐高8米、脊高9米、用钢量115吨
大门洞造型、电动折叠推拉门
Length:39 meters
Total area: 2452 M^2
Bay Spacing: 40M
Eave height: 8M
Ridge height:9M
Amount of steel materials: 115ton
Special requirements: Door opening form, electrical folded pushing gates.
wind load (hurricane), snow load and seismic (earthquake) requirements.

阿鲁巴展厅
EXHIBITION HALL IN ARUBA

占地面积：1200平米
楼层数：2层
总高度：8米
用途：建筑材料展示
Covering area: 1,200sqm
Number of Floors: 2
Total height: 8m
Usage: Building materials displaying

巴西展厅
EXHIBITION HALL IN BRAZIL

尼日利亚展厅
EXHIBITION HALL IN NIGERIA

占地面积：631.2平方米
楼层数：2层
总高度：8.050米
用途：卫浴展示
Covering area: 631.2sqm
Number of Floors: 2
Total height: 8.050m
Usage: bathroom displaying

所罗门展厅
EXHIBITION HALL IN SOLOMON

乌拉圭奥迪展厅
EXHIBITION HALL IN URUGUAY

总面积：4587平方米	Total built-up area: 4,587sqm
跨度：50.42米	Bay spacing: 50.42m
檐高：7.65米	Eave Height: 7.65m
脊高：8.8米	Ridge Height: 8.8m
用钢量：254.2吨	Steel Amount: 254.2ton
技术难度/造型：幕墙类造型	Technical scope/Frame type: Curtain wall type
特殊要求：加工精度高	Special requirements: highly accurated

安哥拉超市
SUPERMARKET IN ANGOLA

哥斯达黎加商店
SHOP IN COSTA RICA

规模（面积）：5315平方米

The Size: 5315sqm

阿鲁巴体育场
STADIUM IN ARUBA

跨度：127米； 檐高：9.14米； 用钢量：62.357吨； 造型：管桁架； 特殊要求：尺寸精度高

Bay spacing: 127m; Eave height: 9.14m; Steel amount: 62.357ton

Technical scope/Frame type: Pipe truss; Special requirements: Highly accurated

瓦努阿图数据中心
DATA CENTER IN VANUATU

瓦努阿图数据中心建设于2013年。房屋单体建筑面积245㎡，内部配置发电机组、不间断电源系统、中央空调、电缆桥架等设施，可在无外部 电源接通的情况下，独立支持内部电脑机房等设备正常运转36小时以上。在2015年的瓦努阿图风暴中，成为全岛唯一对外通讯点，拯救了数百人的生命，并作为灾后重建基地之一。

Data center in Vanuatu was built in 2013, unit floor area of the building is 245 ㎡. There are generators, UPS system , central air conditioning, cable tray and other facilities. It can support all the internal computer equipments operating in ordre for more than 36 hours without any external power supply.In the Vanuatu storm in 2015, this data center was the only place which can get contacts with outside. With its help,hundreds of lives were saved. After the storm, it became one of the important reconstruction bases.

安哥拉政府安居工程项目
ANGOLA GOVERMENT HOUSING PROJECT

板房数量：2000套
单套面积：75平方米
使用材料：墙体、屋面维护均为高密度EPS复合板+屋面轻钢龙骨，保温抗震性能好，施工简单，成本低。

House Quantity:2,000 sets
Area:75㎡/set
Material Requirements: Wall and Roof of made up of high density EPS Sandwich Panel+ Light steel keel for roof , good antiseismic performance, good heat insulation effect, easy for construction and low cost.

毛里求斯政府工程
MAURITIUS GOVERNMENT PROJECT

该项目是政府工程，大型蔬菜贸易交易市场。
使用材料：采用钢管造型结构，构件表面采用镀锌处理、银粉喷漆，效果美观
Project:a large Vegetable Trade Market
Material Requirements:Adopt Steel Tube Structure.In order to remove rust and keep attractive, spray silver paint on the components surface after being galvanized.

安哥拉鸡舍项目
ANGOLA POULTRY SHED PEOJECT

总面积：12000平方米
单体幼仔鸡舍面积：12米×63米
单体蛋鸡鸡舍面积：12米×93米
单体肉鸡鸡舍面积：14米×102米
材料要求：轻钢龙骨+EPS复合板屋面、墙面系统、满足保温及低成本要求。

Total Area:12,000sqm
Unit area of chicken coop:12m×63m
Unit area of layer house :12m×93m
Unit area of broiler house:14m×102m
Matrial Requirments:Light steel keel and Roof made of EPS sandwich panel and wall system, to meet the requirements of low cost and thermal insulation.

雷霆重工项目

FACTORY OF LEITING HEAVY INDUSTRY

雷霆重工项目-青岛雷霆重工股份有限公司建设的冶金自动传输设备总装基地钢结构厂房工程。位于青岛市高新区，跨度为120米，总长度为198.1米，檐口高度为13.2米，屋脊高度为18.6米，厂房钢柱为格构式无地脚螺栓。

Factory of Leiting Heavy industry ,the base made of steel structure with automatic metallurgical transmission equipments,is located at Qingdao high-tech zone, the span is 120m with 198.1-meter-long and 13.2-meter-high for eave (ridge height is 18.6m).

日照三宝汽车配件厂厂房项目

FACTORY FOR CAR ACCESSORIES OF SAMBO MOTORS(RIZHAO)

该建筑总长度为147.6米，
总宽度为80米，
总建筑面积12808.22平方米，
车间9196.65平方米，
办公及配套3611.57平方米。

The total construction area is 12808.22sqm, with 147.6-meter-long, 80-meter-wide,9196.65sqm for workshop and 3,611.57sqm for office&apartments.

三山岛金矿探监主厂房项目

MAIN FACTORY FOR GOLD MINING AT SANSHAN(LAIZHOU,SHANDONG)

本工程位于山东省莱州市三山岛，为三山岛金矿8000T/D探建结合工程厂房。结构体系为钢框排架结构，此工程高度36.7米，距海边近，工程抗腐蚀要求比较高。

located at Sanshan ,Laizhou,Shandong province,this is the main factory for Sanshan gold mining project(8000T/D).It is 36.7m high,made of steel frame with high anti-corrosion performance due to the location near the sea.
